

ENRICHMENT AND EXTRACURRICULAR ACTIVITIES BEYOND THE CLASSROOM

Enrichment and extracurricular activities provide students opportunities to explore their passions, build essential life skills, and develop character outside the classroom. These programs encourage creativity, teamwork, and resilience, creating a vibrant school culture that supports holistic growth and lifelong learning.

Why Supporting and Nurturing Interests Outside the Classroom is Important?

Education goes beyond classrooms, textbooks, and curricula. While academic knowledge is important, developing hobbies outside the classroom is equally vital for overall growth.
